

FULL RE-ORGANIZATION

OF THE INTERCOLONIAL STAFF

Federal Ministers Gather in Ottawa for Council—Lieutenant-Governor May be Appointed To-day.

Ottawa, Aug. 21.—On his return from his eastern tour Hon. Emmerson announced determination to have a thorough re-organization of the intercolonial staff with a view to lessening the burden of work on the central office and better distribution of responsibility. The idea is to have greater promptness in attending to routine work without reference to headquarters.

Prince Louis of Battenberg visits Ottawa Thursday to attend the luncheon of the Canadian Club.

Sir Wilfrid Laurier has returned to the city, also Messrs. Fielding, Emmerson, Cartwright, Brooker, Fisher and Hyman. A cabinet council will be held tomorrow at which it is likely the Lieutenant-Governors of Saskatchewan and Alberta will be appointed. Messrs. Bulger and Forget are forecasted as appointees.

The office provided Larke, trade agent for Australia, at the Toronto exhibition will bring him in touch with Canada's exporters. Sontum, the commercial agent in Sweden and Norway reports that a trial shipment of Canadian logs and pulpwood was a success. He says there is no fear of war between the two countries, and the shipment of products can go forward.

WILL NOT INTERFERE

London, Aug. 22.—The foreign office has issued a statement to the effect that England has no intention of bringing pressure to bear on her ally with a view to modifying the proposed peace terms.

MANITOBA CHAMPIONS

Souris, Aug. 22.—After a hotly contested game Souris defeated Winnipeg for the Manitoba lacrosse championship by a score of 4-3, scoring the last two goals in the last five minutes.

LACROSSE IN CALGARY

[From the Albertaian]

The good old Canadian game, lacrosse, which has been thriving in other parts of the West, placed its feet in Calgary on Saturday last and got a good foothold, too. It is a grand game, and it is to be hoped that the little encouragement that it received here on Saturday, will result in making its step permanent. The lacrosse game is essentially a Canadian game. We got it from the Indians, but we have developed it until it is evolved far beyond the Red Indian stage, and far beyond the stage of a decade or so ago. Without attempting to compare it with baseball, cricket or football as an athletic sport, it can be safely said, that no game is of greater interest to the spectator than the lacrosse game. As a rule it is a clean game. It is a good, hard, sturdy, Canadian game, and has the element of true Canadianism in it. Lacrosse is popular in British Columbia, in different parts of Alberta and Saskatchewan, but unfortunately it has not thrived very well in Calgary, where baseball and football with a little cricket, have monopolized the summer sports. It is to be hoped that lacrosse, which has received such a favorable start, will continue to thrive. It should receive the encouragement of every well-wisher of clean sport.

FALL WHEAT IN ALBERTA

A Blackfalds correspondent writes: Sufficient fall wheat has been grown in the vicinity of Blackfalds to justify the erection of a seventy-five barrel mill which will be in operation by December First. The acreage sown this year will be large and it may be confidently expected that the quantity of fall wheat grown from year to year will rapidly increase.

UPSET THE ROYAL AUTO

WITH ITALY'S ROYAL FAMILY

Dastardly Attempt on the Life of the Dowager Queen While Touring in the Alps.

Vicenza, Aug. 22.—A dastardly attempt has been made on the life of Margherita, the Dowager Queen of Italy. While an automobile with the imperial party was touring in the Alps, the big car swung suddenly round a curve into a carefully-constructed impediment. Fortunately the car was going up hill, but it was turned over and the occupants thrown out, with however but trifling damages. Two arrests have been made.

THAT STREET RAILWAY

Mr. Robert Ingles has practically decided to relinquish the street railway proposition. He had arranged to purchase some \$25,000 worth of machinery and material for the road and he may make a proposition to the city council to take it over and build the road, but he is doubtful as to its being worth his while, as the sentiment of the council seems to be against doing anything.

It looks as though the \$10,000 and the charter were coming easily, to the city. The future of the street railway will probably be indefinite for a time as it is very doubtful if the council will undertake, for quite a while, the responsibility of building a road.

A MINISTER INTERVIEWED

—Vancouver Province: Hon. Frank Oliver, of Edmonton, the recently appointed Minister of the Interior, accompanied by Mrs. Oliver and Miss Oliver, arrived on the delayed Imperial Limited today en route to the north. The party are booked to sail for Skagway on the steamer Princess Beatrice tonight. I am simply combining a holiday trip with a chance to familiarize myself with conditions in Western Canada," said Mr. Oliver to the Province this afternoon. "In order to do justice to my position, I found it necessary to take a trip to the Yukon to inspect conditions there. No; my visit has nothing to do with the establishment of the proposed Government hydraulic water scheme. My health has been poorly of late, and I needed a holiday to recuperate. The Northwest? Why, conditions have never been brighter there in the history of Canada. With the influx of population that is now pouring into the two new provinces, they will soon be able to rank with any in the Dominion, as far as population and industry are concerned. No; the Autonomy Bill is never discussed there now. In fact, it never was a burning issue there. More hue and cry has been raised about it in Toronto and Ontario than at any time in the new provinces themselves. I am pleased to see so many evidences of prosperity throughout British Columbia."

INSTRUCTIONS FOR WITTE

RUSSIA OFFERS CONCESSIONS

The Czar Would Be Pleased to Grant the Inevitable to Avoid the Real Issues

St. Petersburg, Aug. 22.—After a prolonged consultation between the Czar and his advisers, elaborate instructions have been drawn up for the guidance of Witte in the present crisis in the peace negotiations. It is understood Russia will offer further concessions in order to obtain peace, these being an agreement to limit the naval power in the Far East and to surrender interned warships, provided Japan will withdraw the indemnity and cession of Sakhalin proposals. Should Japan refuse to recede from the original demands Russia hopes to throw the onus on her for a continuation of the war.

WRECK NEAR REGINA

Standard: A dozen or more box cars were piled up on the track about two miles east of the city on Friday evening as the result of the breaking of the flange on the wheel of one car. The wreck was without doubt the biggest near this city for many years, and a large staff of men were at work many hours getting things cleared. The Imperial Limited, east-bound had to be sent to Winnipeg via the Arcola line, and the main traffic way was blocked throughout the night.

Attached to the train and about the centre of the wreck was a car of settlers' effects. There was several horses, many wagons, and other necessaries for the starting of a farm.

The occupants of this car heard the rumbling and jumped, and just as they were cleared of danger, the smash-up occurred. A number of cars were piled on top of the settler's car and the goods in it were smashed to kindling wood. The horses, strange to say, escaped. To look at the car after the wreck, one would think it utterly impossible for any animal in there to escape destruction, but nevertheless, they are now running wild on the prairie.

There were two refrigerator cars attached to the train, which though off the tracks still stands on the road bed. One was loaded with egg crates, and the other contained a quantity of beer.

Supt. Brownlee and his wrecking crew were soon on the spot and the official personally directed the clearing of the tracks. A side switch was laid around the wreck to allow of the westbound passenger to go by.

Penitentiary for Hill.

Vancouver, Aug. 21.—R. W. Hill, manager of the bankrupt Union Loan and Investment Co., was found guilty of fraud on eight counts and sentenced to two years' imprisonment.

Ladies' Blouses AT A BIG Reduction

As our fall blouses are now arriving, we are going to clear out the balance of our summer stock, and to do this we are placing on the bargain counter the following lines at genuine bargain prices. We would advise you to come early before the size you want is sold.

LADIES' WHITE LAWN BLOUSES
6 Dozen white Lawn Blouses, all new goods, and good value at \$1.50 and \$1.75, to clear \$1.00.

LADIES' CASHMERE BLOUSES
3 Dozen Blouses in Cashmere, Mohair, fancy cashmere stripes, and French Tanned; these are splendid goods, but the sleeve is not quite correct. The regular prices run from \$3.50 to \$5.25, but we are clearing them off at only \$2.00.

Come early while we have your size.

CORPORATION CONNECTIONS

The Alberta Conservatives met in convention in Red Deer last week, formed the "Conservative Association of Alberta" and sealed the validity of their claim to the title by selecting as Provincial party leader the solicitor of the Canadian Pacific Railway Company.

Nor was the selection made thoughtlessly or without recognition of the position occupied by Mr. Bennett in the service of the C. P. R. Discussing possible Provincial leaders on the day preceding the convention the Calgary Herald said:

"Mr. Bennett enjoys many of the attributes of the national leader, although his corporation connections are such as may render his acceptance of the position inadvisable if not impossible."

The selection of Mr. Bennett was therefore made in the full light and recognition of his "corporation connections."

The Herald does not raise a question as to the advisability of choosing Mr. Bennett as leader, in spite of, or because of, his "corporation connections"; the question was whether Mr. Bennett as corporation solicitor would deem it "advisable" to also lead the Conservative party in Alberta. Apparently he so considered it, and the convention deemed it no less advisable to secure the support of the corporation upon which their friends in Federal campaigns have so often relied.

The reasons are not far to seek why Mr. Bennett should consider it quite "advisable" in the light of his "corporation connections" to lead the party in Alberta.

Mr. Bennett is the solicitor for the Canadian Pacific Railway Company. Clause 4 of the platform adopted by the Red Deer convention requires the Government "To adopt a plan by which the C. P. R. exemption from taxation may be compromised" in the effecting of which "compromise" it would be highly "advisable" from the standpoint of the company that the Alberta Premier should be also "connected" with the corporation.

Another resolution of the convention demands "full control of Provincial lands" and "the building of a railroad to Hudson's Bay, for which the party are prepared to pledge the credit of the Province if necessary." The Canadian Pacific Railway Company has not built a line of railway in the west without a land grant. The Federal Government has made it quite clear that no further grants of land for railway construction need be looked for in that quarter. What better service could Mr. Bennett do his employers therefore than to head a party in the Province of Alberta struggling for power to bestow another slice of the public domain on the C. P. R. in connection with a line to Hudson's Bay for the construction of which the party stands pledged already to involve the Provincial credit?

Mr. Bennett is the solicitor for the Bell Telephone Co., which company now has long-distance lines strung throughout Alberta. Clause 5 of the platform adopted at the Red Deer convention calls for "Public Ownership of Public Utilities." Apparently another case for financial "compromise" in which it is "advisable" to the corporation concerned that their solicitor should be as the head of Alberta affairs.

Mr. Bennett is solicitor for the Calgary Water Power Company, a corporation which will doubtless approach the new Provincial Legislature for privileges tending to the creation of a monopoly in the district in which it operates, after the time honored fashion of development companies. What could be more "advisable" from the standpoint of the Company than that their solicitor be at the head of one of the Alberta political parties?

That on the threshold of our Provincial career this party has seen fit to openly and deliberately ally itself with the corporations, is a matter of more than academic interest to the people of Alberta. The corporation works only on the basis of "Quid Pro Quo." Sentiment, principle or opinion plays no part in determining its course. If Mr. Ben-

nett's assumption of the Conservative leadership in Alberta did not promise to return with usury to his employers the time and energy which they permit him to devote to politics, Mr. Bennett would be immediately relieved of his "corporation connections."

It remains with the people of Alberta to say whether the affairs of this Province will be placed in the hands of a party which stands openly affiliated with the Canadian Pacific Railway Company, in the personification of its political head.

ATTENTION, VETERANS

The Imperial Service Medal Association of Alberta has been assigned a place in the Inaugural Parade which takes place at Edmonton on September 1st. It is desired that as large an attendance as possible of members will be present on that occasion. Every man who possesses a medal is asked to join the parade, and signify his intention by communicating with the Hon. Sec. Will Godson, Strathcona, giving the name of his regiment and his service. As it will add greatly to the appearance of the parade, it is requested that as many men as possible take part mounted and in uniform. It is further asked that those who can come on horse-back will please inform the secretary. This Association was formed about ten weeks ago and already numbers over one hundred members. The Indian Mutiny, the Fenian Raid, Indian Frontier, the Wolseley Expedition, the Nile Expedition, North West Rebellion, Matabele and Boer Wars, and many other medals are represented in the Association. The officers of the Association would like to see every man who has served in the army or navy and who holds an active service medal for same, join the Association. They take this opportunity of asking all such to communicate with Will Godson, Hon. Sec., Strathcona, who will be glad to furnish any information regarding the Association.

Record Keeper B 254 Commande

TERRITORIAL POLITICAL DOINGS

Following were resolutions passed at the Saskatchewan Liberal convention in Regina last week:—

1.—ADHERENCE TO LIBERAL PRINCIPLES

Resolved that this convention, composed of representatives from all parts of Saskatchewan and assembled for the purpose of organizing a Provincial Association, desires to place on record its belief in and adherence to the foundation principles of Liberalism and Reform; and that while this convention is strongly of the opinion that a discussion of the policies of federal parties should be entirely eliminated from provincial politics, yet it declares its belief that the government of the province and the administration of its affairs should be based on those broad principles of Liberalism, the advocacy of which has resulted in the establishment of responsible popular government throughout Canada and in the passing of legislation that has ever had a marked tendency to promote the welfare of the common people and to safeguard their interests.

2.—PROVINCIAL RIGHTS

Resolved that this convention desires to place on record its belief in and adherence to the principle of provincial rights, which principle has always been advocated and maintained by the Liberal party and Liberal Governments in Canada ever since Confederation, and whenever occasion demands it it shall be the bounden duty of the provincial assembly to ascertain and maintain by every legitimate means its full legislative and executive authority under the constitution.

3.—COMMON SCHOOLS

Resolved that in the opinion of this convention it is the duty of the government of the province and, particularly at this stage of its development, to devote its energies and attention to the maintenance and up-building of an efficient system of common schools at the least possible expense to the pioneer settler, and to extend the advantages of this system as rapidly as conditions will permit, to children of all classes of the population in every part of the province; that all schools should receive liberal financial assistance from the public revenues; and that every school receiving such assistance and supported by taxation should be subject in every particular to the direct and continued supervision, regulation and control of the provincial department of education.

4.—SECONDARY AND HIGHER EDUCATION

Resolved that in view of the prospective rapid increase in the population of the province, and the ever increasing demand for better high school facilities, this convention believes that the time has arrived when the question of secondary education should receive thoughtful consideration with a view to placing it on a more satisfactory basis; and that as an increasingly large number of the youth of the province annually enter the colleges and other institutions of Manitoba and Eastern Canada for the purpose of securing the advantages of a higher education, it will be the duty of the Government to keep in view the advisability of organizing a provincial university and agricultural college.

The Calgary Herald publishes the following as the platform adopted at the Red Deer Conservative convention:—

1.—AGRICULTURE

Inasmuch as agriculture is the principal basis of wealth the Conservative party of Alberta will assist in every way the development of farming and ranching by the improvement of methods, the dissemination of information, the establishment of Agricultural colleges, experimental farms, farmers' institutes and otherwise, and will give careful attention to dairying and the improvement of live stock.

2.—INTERNAL IMPROVEMENTS

Good roads and bridges are essential to the development of this country, and to the success of the settlers, and it will be the duty of the Government to make generous expenditure in this direction in co-operation with the Local Improvement Districts.

3.—EDUCATION

This convention protests against those provisions of the act creating the province of Alberta which seek to limit the control of the province over the subject of education, and thereby forever preclude the possibility of establishing a national common school system, and characterizes the same as a flagrant and unwarranted interference with and usurpation of the rights of the province under the con-

stitution. This convention declares for such action as will result in the earliest possible reference of those provisions to the judicial committee of the Imperial Privy Council with a view to procuring from the court of last resort in the British Empire a decision as to whether they are or are not constitutional and within the power of the Dominion Parliament to enact.

4.—A SQUARE DEAL IN LANDS

This convention declares that the people of Alberta, to the same extent and in the same manner as the people of the other provinces are entitled to the lands, mines, minerals, forests and other natural resources within its area, and to enjoy the full benefits thereof as well as to administer the same for the advantage of its people; and emphatically protests against our natural resources being unjustly withheld to be exploited by any political party at Ottawa. This convention urges that constant and continued application to and negotiation with the Dominion Government be made for the surrender to the province of the public domain within its boundaries, of which it is now so fairly and unjustly deprived. This convention further declares that the province is entitled to compensation for lands within its area heretofore alienated for purely Federal purposes.

5.—DISTRIBUTE THE DEBT

This convention declares that the rights which the Canadian Pacific railway company enjoys to hold its lands exempt from taxation was a consideration given by the Dominion of Canada in its contract with the company and is an obligation of the whole of Canada which should not be saddled alone on the western provinces, and it is the duty of the Dominion Government to so adjust this right with the company that such exemption may be removed and said lands become liable to taxation, and that this view should be constantly pressed upon the Dominion Government by the provincial authorities until this end is accomplished.

6.—PUBLIC UTILITIES

This convention declares for the public ownership of public utilities.

7.—DEFENDERS OF THE EMPIRE

This convention believes that those citizens, including the members of the Royal North West Mounted Police, who have fought in defence of the empire, either at home or abroad, should receive recognition of their valor and patriotism by land grant, scrip or other substantial reward.

8.—HUDSON BAY RAILWAY

This convention is of the opinion that the province of Alberta, in co-operation with the provinces of Manitoba and Saskatchewan, should construct without delay a railway to Hudson's Bay.

9.—HIGHER EDUCATION

This convention pledges itself to the establishment of a provincial university with practical departments designed for the benefit of the masses.

10.—AGAINST MACHINE RULE

This convention expresses its disapproval of Dominion or Provincial officials taking any part in politics whatever, beyond recording their votes.

11.—CAPITAL LOCATION

Whereas the question of the location of the capital is one entirely outside the realm of party politics and is one exclusively for the legislative assembly heretofore constituted, resolved that full liberty be accorded to every

Black Pessimism.

Portsmouth, N.H., Aug. 19.—Black pessimism reigns here. The prevailing view is that the fate of the peace conference is already sealed, and that it has ended in failure, and all that remains is for the ministers to meet Tuesday (to which day they adjourned) and on completing the consideration of the Japanese terms, sign the protocol, go through the conventions, and bid each other farewell. In other words, that the meeting on Tuesday will be what diplomacy calls the "Scene d'Adieu."

But there is still room for hope of a compromise. Neither President Roosevelt nor the powers will see the chance of peace wrecked without a final effort, and pressure is being exerted, especially at Tokio to induce Japan to moderate her terms. Just what is being done, or is to be done, has not transpired, but in these days, with all modern means of communication, much can be accomplished.

King Edward is understood to be now lending a helping hand, and the financiers of the world are known to be exerting all their influence. At Tokio and St. Petersburg the final issue will be decided.

The Japanese have been implacable throughout the conference. They have listened and explained, but have not yielded one iota of the substance of their original demands. M. Witte accepted outright seven of the twelve Japanese conditions.

And now both sides turn to home for the last word before the event of next Tuesday, for the impass reached today by the plenipotentiaries is recognized to be only a diplomatic fiction. If in the interim, fresh instructions are received by either side, a compromise is yet possible, but the chances are recognized to be slim.

At Tokio it is impossible to tell what view will be taken; peace can be even now secured by the sacrifice of the indemnity. Vague intimation comes from the Japanese, "that the demand for cost of the war might be moderate, but Mr. Witte's reply is he will pay liberally for the maintenance of the Russian prisoners in Japan, but "not a kopeck" for tribute." The authoritative statement last night was given to the Associated Press by a member of the Japanese mission: "I fear that the negotiations on Tuesday will be the farewell session of the Washington conference. Japan has done her utmost for peace. Russia well knows Japan's irreducible minimum." M. Witte himself said: "We meet Tuesday only to sign the protocol, with the recent on the word 'only'."

Another bad sign was the change in the personal attitude of the plenipotentiaries toward each other. During the week they have been growing more and more friendly at the luncheon, which they take together at the navy yard. Today all seemed constrained as if realizing that their war must go on.

The Committee of the Inauguration Hall wish to impress upon those who care to attend, the necessity of procuring tickets at once. In order that the Committee may know how many they have to provide accommodation and supper for, they have decided to stop the sale of tickets on the 28th instant. Tickets can be purchased at Archibald's and at Carpenter's drug stores, and from the different members of the committee.

dy 194-196 tf chg

PERSONAL

Mrs. Poucher and daughter have returned from the camp at Groat's estate.

Hon. R. F. Sutherland, speaker of the House of Commons, is expected to arrive in the city the last of this week or the first of next and will remain for the inaugural celebration.

STEAMER BURNED

Port Arthur, Aug. 21.—The steamer Gordon, the property of the Thunder Bay Improvement Company, took fire on Saturday and all works aft were destroyed. The fire originated in the boiler rooms and was discovered by the night clerk at the C. N. R. office, against which the steamer was lying. The crew of three men were roused and got out with scanty attire. The C. N. R. local freight shed caught fire, which however was extinguished. Two streams from hydrants on Water street were turned on the burning vessel and the fire was extinguished, shore dock. The vessel was then towed to the shore and beached and filled with water to extinguish the fire below decks. The loss of \$5,000 was fully insured.

MISCELLANEOUS**TENDERS**

Tenders will be received by the undersigned until 6 p.m. Thursday, 24th August, for a brick addition 40x10 for the Bulletin Publishing Co., Limited. The lowest or any tender not necessarily accepted. H. A. MAGOON, Architect.

BECAUSE PROPERLY CURED

Pharaohs have been called a "Health-giver" and this is why: Ever since tobacco I work into Pharaoh is absolutely free of "gum."

You must know that a "gummy" tobacco will make a poor smoke and act injuriously on the throat and stomach. The gum, dissolved by the heat of combustion, is drawn into the mouth—becomes mixed with the saliva and finally reaches the stomach.

The membrane that lines your throat and stomach is pretty tough—but it won't stand the harsh, irritating action of this dissolved gum.

You'll have sore throat if you smoke the "gum" cigar—you'll have heartburn, indigestion, and a disagreeable taste in your mouth from an injured stomach.

With every particle of gum properly "sweated," cured and aged out of the leaf I use as filler for my Pharaoh, I can guarantee you a pure, cool, sweet, fragrant smoke—free from disagreeable tastes and injurious actions on the inner man.

N. 1-2 31-55-18; E. 1-2-55-18; W. 1-2 36-55-19, close to C. N. R.; soil black loam with some brush and small poplar on them, will sell separately or en bloc.

Township 56

N. E. 1-4 8-56-25, 85 acres under cultivation, 75 acres in crop; all fenced, frame house, 18x20 and addition 14x14, log barn 24x24; surface level, soil black.

N. W. 1-4 33-56-26 and S. W. 1-4 4-56-26, 125 acres under cultivation, good frame house, other buildings, logs, good well, all fenced, a splendid farm.

River lot 27 in the Edmonton district, 158 acres; 75 acres cropped; frame house, 6 rooms, stabling and grainery, 2 good wells. Coal along the river, all coal rights go with the farm.

CRAFTS & LEE

LOCAL

—Duck shooting begins tomorrow.

—McLachlan of the Port Saskatchewan ball team will pitch this evening for the Capitals.

—It is probable that Messrs R. L. Rorden, Geo. E. Foster, F. D. Monck and J. H. C. Bergeron, Conservative members of the House of Commons, will attend the inaugural celebration here.

—The national Trust Company has been offered \$30,000 for their corner, Jasper avenue and First street. They paid \$20,000 for it a short time ago. This is about \$100 per foot, with a depth of only 100 feet without a lane.

—The public hospital board met last night and decided to build the foundation for the new hospital this fall if it is possible to get the plans prepared in time. They propose getting the building erected at the very earliest date possible.

—The line-up of the Capitals for the base ball game tonight will be as follows: Caster, catcher; McLaughlin, pitcher; Hunt, 1st base; Milne, 2nd base; Maloney, 3rd base; Ingles, s.s.; Till, c.f.; Bishop, c.f.; Sotter, l.f. Game starts at 6.30 sharp.

—The lectures on the chart in the tent at the corner of Namayo avenue and Seventh street are being well attended. The subject tonight is "Death" in three aspects, spiritual, physical and eternal. It will be shown that in no case is death annihilation but a separation.

—The mayor will proclaim Friday September First a civic holiday for the city of Edmonton, and he will make a request to the merchants of the city to close their stores at 8 p.m. on the evening before the celebration. There being a greater necessity for this on account of the reception to be held in connection with the concert on the evening of August 31st.

—The National Trust Company is cleaning up their lot east of their building. With the grass and weeds cut and cleaned off the corner presents a vastly different appearance. The company is setting a good example for others to follow. The weeds in front of the Alberta College would stand cutting.

—Winnipeg Commercial: A magnificent crop is now assured for the entire Edmonton district. A gentleman identified with the milling interests, who has just spent two days driving through the Spruce Grove and Stony Plain settlements to the west of Edmonton for the purpose of gathering information on the crop situation, assures your correspondent that, humanly speaking, nothing can now prevent the harvesting of an enormous crop of high grade wheat. The gentleman referred to thinks that 30 bushels to the acre would be a conservative estimate of the average yield of the entire wheat crop in those districts; and that the entire wheat crop is likely to grade No. 1 northern or better.

—Saskatoon Phoenix: The citizens of our town are naturally very jubilant over the authentic news from Ottawa that the main line of the G. T. Pacific was to pass through Saskatoon. Immediately on receipt of the news on Monday last a meeting of the Board of Trade was held and a delegation consisting of J. H. Lamont, M.P., Thos. Copland and F. R. Oliver was appointed to go to Montreal and Ottawa to make arrangements concerning the crossing and other matters in connection with the terminals. This was done at the request of Mr. Morse of the Grand Trunk Pacific Co. It is intimated that they may cross on the present bridge and that a traffic bridge will be added. Saskatoon is to be the chief divisional point between Winnipeg and Edmonton and large shops are to be erected here and many men employed. As a divisional point for both the Canadian Pacific and the G. T. P. the citizens of Saskatoon have attained their highest ambition—that of being the most important town in Saskatchewan. This prominence will naturally lead to its selection as the capital of the province.

MANITOBA MARKETS

From the Commercial:—
Wheat—1 northern \$1.01; 2 northern, 98c; 3 northern, 97c; 4 extra, 69 1/2c; No. 4 wheat, 69c; No. 5 wheat, 61c spot or August delivery; these prices are for old crop. August delivery, is quoted at northern, 91c; 2 northern, 88c. On the option market future delivery closed September 82 1/2c; October, 82 1/2c. All prices are for in store Fort William and Port Arthur.
Oats—No. 2 white, 46c; No. 3, 37c; feed grades 36c; per bushel in car lots on track, Winnipeg.
Barley—No. 3, 38c per bushel; No. 4, 36c per bushel, car lots on track here.

POLICE DETACHMENT FOR THE CELEBRATION.

Inspector Knight, of R. N. W. M. P., is here making arrangements for the accommodation of the force which will be here for the inauguration. Two hundred men with horses and guns will leave Regina on the evening of the 24th and will reach here on Saturday morning. They will go into camp at the exhibition grounds and will have a review on September 1.

The force will be in charge of the commissioner and will consist of three squadrons and will have four guns mounted and manned.

The Hill Strike is Over
St. Paul, Minn., Aug. 21.—The strike of the telegraphers on the Great Northern railway system has been officially called off, the men on that line having voted to return to work. The question of continuing the strike or returning to work is being voted on by the Northern Pacific operators. Mr. Perham, of the telegraphers' union, said that probably the northern Pacific operators would vote to continue the strike.

THE NEWS OF THE DAY

IN CONDENSED DESPATCHES

Brief Items from many sources tell the story of the day's events.

B. C. MINERS STRIKE

Fernie, B.C., Aug. 20.—The miners of Coal Creek, Carbonade and Michet went out on strike today. President Sherman of the United Mine Workers of America, says the men were unanimous and that they will remain out until their demands that the existing contract be adhered to are complied with.

The union claims that the company has violated the contract in agreed prices for large ones. He states that article two of the agreement provides for arbitration. The miners claim the attention of the company being called to the fact a month ago without result, there was nothing left for them but to strike. The situation is serious, but the feeling is that it will not last long.

ENTERPRISE FOR VANCOUVER

Vancouver, Aug. 20.—No fewer than four propositions respecting the erection and maintenance of the proposed public abattoir will be submitted to the city council on Monday night.

Two of them also provide alternative projects for the establishment of large packing-houses which would employ a large force of men.

The offers of Seattle and Tacoma firms will be transmitted to the city council by Mr. A. Knieling, a local architect, who has prepared two designs of a public abattoir.

The proposition of Messrs. P. Burns & Co. involves the establishment of a packing-house at a cost of \$300,000. These figures are official. The firm is willing to abandon its False Creek slaughter-house site, and will agree to build an abattoir and packing-house on Burrard Inlet in the east end; it has acquired for that purpose nine and three-quarter acres, embracing the old smelter site near Messrs. Ross and Howard's foundry.

At the invitation of Mr. Dominick Burns, Mayor Bascombe, Ald. Williams, chairman of the health committee, and the medical health officer, inspected the place yesterday. They could not disguise their admiration of the ideal facilities it offers. The C. P. R. main line is located in the immediate vicinity, and vessels can approach within a few feet of the shore. The land was acquired by purchase about a year ago—an other indication of the far-seeing policy of Mr. P. Burns.

His firm is willing to operate a public abattoir on behalf of the city or will erect and operate a private abattoir at its own expense. Details will be submitted on Monday evening to the city council.

The B. C. Market and Meat Company will agree to build a public or private abattoir. It seeks no exclusive privileges. Both firms are willing to submit to an official inspection of all live stock and dressed meat.

PROGRESS OF NEGOTIATIONS

Portsmouth, Aug. 18.—The substance and present status of the Japanese terms are as follows:—

1 Russia's recognition of Japan's preponderant influence in Korea, with a right to preserve order in the civil administration, give military and financial advice to the emperor of Korea, Japan binding herself to preserve the territorial integrity of the kingdom and (it is believed) the policy of the "open door."—Accepted.

2 Mutual obligation to evacuate Manchuria.—Accepted.

3 Japanese obligations to restore to Manchuria Chinese sovereignty and civil administration.—Accepted.

4 Mutual obligation to respect in the future the territorial integrity and administrative entity of China in Manchuria, and to maintain the principle of equal opportunity for the industry and commerce of all nations (open door).—Accepted.

5 Thecession of the Island of Sakhalin to Japan.—Refused and final consideration deferred.

6 Surrender to Japan of the Russian losses of the Liao Tung Peninsula, including Port Arthur, Dairen and the Honshu and Elliott Islands.—Accepted.

7 The surrender to China by arrangement with Japan of the branch of the Chinese Eastern Railway running south from Harbin to Port Arthur, together with the retrocession of all the privileges obtained under the concession of 1903.—Accepted in principle, final agreement deferred.

8 The limitation of the "Chinese" concession obtained by Mr. Bobanin which the "rail" will be through Manchuria and Ussuri railroads; to ownership and operation of the line by the Eastern, but with provisions for the eventual substitution of Chinese Imperial police for Russian railroad guards.—Accepted.

9 Remuneration for the cost of the war (pour sa de guerre).—Refused and action deferred.

FROM FT. VERMILLION

Mr. F. J. Ecker, engineer of the Hudson's Bay Company's flour mill at Fort Vermillion, is in the city. This mill is doing a good deal of custom work in the far north. This year about 80,000 lbs. of flour was shipped to Chipewyan and about 25,000 lbs. consumed at Fort Vermillion, besides the gristing done.

Mr. Ecker says that crops are good near the Fort. When he left on July 29 all the barley was cut and some spring wheat. Mr. Sheridan Lawrence had 150 acres of wheat ripe then. The Hudson's Bay Company cut their wheat on July 31. He says the grain is ripening quickly there on account of the amount of sunshine. When he left it was bright enough all night to go rifle shooting, though they are a week's dog travel from the midnight sun.

Mr. Ecker is running a Sawyer-Massey steam thresher up there for the H. B. Co. The machine is a self-feeder and wind stacker, and is driven by a twenty horse-power engine. The crops near Fort Vermillion this year are excellent and promise a good yield.

Lifbuoy Soap—disinfectant—is strongly recommended by the medical profession as a safeguard against infectious diseases.

Pharaoh Cigar

is made in India.

We have a contented little community of our own, that is not worried by outside conditions. The wholesome, country-town life that we live, tells in the quality of our work.

Every employee in my factory has his whole heart in his work. From the oldest workman, who started with me when I had a small room for a factory, a big bunch of enthusiasm and a high idea of quality, down to the lad who just joined in the other day, every one is putting the best that is in him into his work.

Under such conditions it is no wonder that my Pharaoh is the best ten cent smoke on the market. We are all working with the one object—to produce the best cigar possible.

I go to Cuba every year and buy the best tobacco produced. I know that every leaf that comes to my factory is right. My workmen see that every roll they give it will help make it a perfect, even-burning smoke. It's a combination that's hard to beat.

None genuine unless branded "Pha-ro." Price 10 cents.

Territorial Political Doings
Continued From Page Three.

member thereof to vote on the question in the best interests of his constituency.

The following resolution was adopted: "That this provincial convention of the Conservatives of the Province of Alberta, in accordance with the principles consistently advocated by the Conservative party in Canada, expresses its cordial agreement with the policy of Imperial Preference advocated by the Right Honorable Mr. Chamberlain, regarding it as conducive to the national interest and unity in the empire, and pledges itself to support and further that policy by every means in its power, and that a copy of this resolution be forwarded by the secretary to Mr. Chamberlain."

In reply to our inquiry as to his future residence, says the Regina, West, Mr. Hamilton stated that he would settle down permanently in Regina, where he has already lived for nearly fourteen years, and had established his law business.

Questioned as to his political aspirations, he said that he had hoped he might be given an opportunity of serving the province in the legislature, in the government, or as an independent representative. "Well, that," he said, "is a matter which does not rest altogether with me. I might not unreasonably aspire to doing the work for the province which up to this time I have been doing for the Territories."

"What attitude do you intend to take in the coming provincial election?"

"I cannot possibly say, as I do not know under what conditions the elections will be held, but I hope to see a candidate in every constituency advocating as far as possible the following principles:

"The entire separation of Dominion and provincial politics.

"Determined resistance to any interference by other Dominion political party in provincial concerns.

"Full provincial rights for the province.

"The educational clauses of the autonomy bill impose restrictions on the province which, in my opinion, are a serious and unconstitutional invasion of provincial rights. This question, with regard to which very opposite opinions are held, should be settled by an appeal to the courts.

"The immediate transfer of the burden of the railway exemption from the shoulders of the people of the Territories to those of the whole Dominion, for whose benefit the C. P. R. was undertaken."

"The immediate transfer of all lands still held by the Crown for railway and other corporations so that they may bear their fair share of taxation.

"In addition to the above, there are other questions of great importance to be dealt with by the new government and legislatures. The great question of transportation assumes a deeper significance under the added provincial powers. Railway problems now come within the scope of the legislature, and they should be solved purely in the interests of the people.

"Railway facilities, where they do not exist, and competition where they do exist, are absolutely essential to the welfare and development of the province."

"I have always been deeply interested in the question of the Hudson's Bay Railway, and hope that all the western provinces will unite in determining the possibility of the scheme and eventually carrying it into execution.

"More progressive public works policy will necessarily accompany the larger powers and greater resources we will have."

"The question of education must be more than ever looked into, and our educational system made to keep pace with the growth of the country."

"Higher education, including the establishment of a provincial university, with an adequate land endowment must be considered."

"Agriculture, always considered as of first importance by the Northwest government, must be aided and fostered in every way."

"A thorough investigation, with the assistance of the government, should be made into the conditions under which our wheat finally reaches the British market, with a view to securing the producer all the benefits which proper transportation arrangements and the quality of his wheat entitle him to."

"The administration of the criminal law hitherto carried on by the department of justice at Ottawa will have to be undertaken by the province."

justice; goals and reformatories will have to be established and maintained. Fortunately for the province the invaluable services of the R. S. W.M.P. will continue to be available.

But the work involved will tax the capacity and resources of the new administration. The various important legal and constitutional questions which the provincial powers will from time to time develop, will demand the services of all the talent and ability at the disposal of the province.

"Public institutions, including asylums for the insane, institutes for the deaf, dumb and blind, homes for incurables and for orphans and aged and infirm persons and other benevolent purposes must be provided."

"There are many other matters which will occupy the time and attention of the new government and legislature. The work of legislation and administration is never at an end; and I can refer to the general policy and methods of the Northwest government as the best indication of my policy for the future. A policy of gradual development, ever pushing forward, but always keeping actual conditions in view is one that should commend itself to the people of this country."

LOCAL

—A. C. Rutherford, M. L. A., of Strathcona, left last week for Ottawa.

—Charles King has ordered a new suit of clothes, a pair of boots, a white shirt and collar, with which to clothe himself on the thirty first.

—Victoria avenue has been graded west to sixteenth street. Fifteenth street south of Jasper has been graded to McKay avenue and cut but a block north of Jasper.

—The steamer Alberta is running an excursion down the river this afternoon, leaving at 2 p.m. The boat has been kept pretty busy since its arrival here, but the captain expects word to return to Prince Albert some day this week.

—The work of excavating for the new C. N. R. station has been begun. The grading on the sidings will be done in a very short time. The work is progressing very satisfactorily and every day means one day nearer a road to the east.

—The ball committee began the work of decorating the rink, for the ball this morning. A floor is being laid in the curling rink where the supper will be served. They have a good supply of hunting and electric lights on hand for decoration purposes.

—H. D. Hume, of the firm of Hume & Ross, and Mr. W. J. McNab, left for Lloydminster Monday morning. Mr. Hume is winding up his business in Lloydminster and he and Mr. McNab are going into Vermillion to engage in a general store business there.

—J. Melick, of Belmont, brought fine samples of "Sensation" oats and Red Eye wheat to the Bulletin office today. One sample shows the splendid growth of fall wheat on fall breaking, another on summer fallow. All the samples are excellent and the crops should yield splendidly.

—There will be a good game of football on the ball grounds this evening between the Capitals and the Westsiders team. As these teams are to play on September 1, this will be something of a trial of the respective strength of these teams. The game is called for 6:30 sharp so that it may be finished before dark.

—Mr. W. B. Marshall, of Medicine Hat, proposes to establish a flax industry in Medicine Hat, with natural gas as a motive power. The industry would be a dual one, as, while flax seed oil would be extracted from the seed and valuable by-products therefrom, a kindred industry would also be established to manufacture flax seed oil out of the straw.

—Regina Standard: All doubts as to the future governors of Alberta and Saskatchewan have at last been set at rest by the passing of a cabinet order appointing Geo. H. V. Bullock, commissioner of public works, to the gubernatorial chair of the new province of Alberta, and Hon. A. E. Forget, present lieutenant governor of the Northwest Territories, to the chair in Saskatchewan.

—Colin Fraser is leaving for the north today. Yesterday his goods were all sent out. He is taking back \$20,000 worth of goods this year, which is very nearly double what he took out last year. Colin brought in a very fine collection of furs this fall and in another year his friends will be pleased to see him return with a much larger cargo. Ben Hursel will likely leave today with Fraser.

—Herald: The mayor yesterday wired the Governor-General's secretary to see if his Lordship would accept an address while passing through Calgary on his way to the inaugural ceremonies at Edmonton. If Sir Frederick Borden, the Minister of Militia, accompanies the party, some effort will be made to have him shown military manoeuvres. If the party stays in the city any length of time a drive for them will be arranged.

—Lethbridge News: The lacrosse match which took place at the Raymond fair yesterday, was won by the northern team by four goals to three. This is the first game that ever took place in our neighboring town, and the large crowd of spectators fully enjoyed the play, and vigorously applauded both teams. The Edmonton were the better team, so far as condition went, and so won out handily.

—Calgary Herald: A very general cry of fake has been raised over the Fernie-Calgary ball game. A well known business man came into the Herald office today and declared that the scandal over the baseball take of the recent tournament has spread over the north and south country until every other person he met was denouncing Calgary as the home of crooked sport. He declared his readiness to contribute his share of the expense of holding the proposed investigation. He declared his conviction that if any city official was guilty of participation in a plot to cheat by means of a "fixed" game, he should be instantly discharged. The gentleman said there was a growing feeling that the criminal law against cheating by this kind of jobbery should be invoked.

—The Frank Paper: What came near being a most serious accident occurred at Lillo, about 7:30 o'clock on Monday morning. Just as the Grassy Mountain engine was pulling out of the yards, preparatory to making its first trip to Frank, a flat car, loaded with heavy timbers, broke away at the sawmill above town, and came rushing down the steep grade at over forty miles an hour. Before the crew could get the engine into a siding, the car caught the locomotive, and the men had to jump for their lives. The head-works of the engine were completely demolished, the boiler head stove in and some of the side gearing stripped off. Fortunately neither engine nor car were knocked from the rails, nor was the track damaged. As quickly as possible the debris was cleared away and men set to work repairing damages, and so well did they labor that the engine was able to make her customary trip on Tuesday, though in a half-headed condition. As a result of the accident the mine had to shut down, as the coal bunkers were filled and there were no empty cars on hand. The wreck was caused by the heavy winds, which started the car.

WEDDING

BAILEY-HOWARD

A quiet church wedding was solemnized in the McDougall Methodist church this morning at ten o'clock. Rev. C. H. Housley officiating, when Mr. E. T. Bailey and Miss J. Howard, both of this city, were united in marriage.

The groom was supported by Mr. A. McLean, and Miss M. J. Howard acted as bridesmaid. The bride was attired in pure white and was given away by her brother. The happy couple will leave on this afternoon train for Banff to spend their honeymoon. Good wishes and rice were very freely dealt out to them.

THE LAY OF LONESOME LARRY OF THE GOVERNMENT RAILROAD.

Now th' thrack lays clear an' sunny
an' me life is 'asy money.
An' th' Virgin sinds me iver-ry-
thin' I pray for;
Yet there's no wild bird that fills
me with his melody, or thrills
me.

Like th' music ur th' whistle an' th' Pay-Carre.
Share we have no cause to worry, an'
we have no time to hurry,
For iver-ry day's a Holiday, a
Holiday;
An' if, bestimes, I'm lonely I can light
me pipe; I only
Do be waitin' her're for Sundown
an' for Payday.

There's a broken rail near Logan's,
an' an' again off be Hogan's,
Share these be things th' Minister
grows gray for;
While I sit where his shady, waitin'
for Sundown an' Payday,
An' th' music ur th' whistle an' th'
Pay-Carre.

Great
Slaughter Sale

—AT—

HUDSON'S BAY STORES

We announce to the general public, that
the whole of the remaining stock of

Summer Goods

Will be cleared out, regardless of cost, to make room for the immense
incoming of stock of Fall and Winter Goods.

Great bargains will be found in LADIES' BLOUSES, white and
colored, from 50c up

A great variety of CHILDREN'S WHITE LAWN HATS AND
BONNETS are being offered at greatly reduced prices.

The whole of the remaining stock of LADIES' FANCY BELTS,
TIES AND COLLARS must be cleared out.

LADIES' UNDERWEAR, CHILDREN'S LAWN DRESSES,
FANCY MUSLINS, and other Blouse Materials, must share the
same fate.

We have the largest and most complete stock of Dry Goods
Alberta, every department being represented.

For a Convincing Proof

Just take a walk up to our immense and spacious stores, and note the
tremendous amount of stock displayed in the many windows. Come
in, have a tour of inspection, and you won't fail to see that we have
the largest stock and premises in Alberta.

A Visit From You Will be Considered
a Favor
